Dear Bro/Sis in Christ,

Greetings to you in Jesus most precious name!

At the outset I wish you a wonderful 2018 in your physical, mental, psychological, financial and above all spiritual aspects of your life.

Ministry Update: *Further to my previous Newsletter in Dec'17 upraising you about the situation in our country concerning the Children's Homes, I am deeply saddened to let you know that we had to officially close down our Children's Home on the advice of the concerned government official as the situation is worsening day by day.*

Reason for Closure: *Following an incident of a Christian couple running a Children's Home in Hyderabad being arrested on 28th Dec'17 on the grounds of converting the little children to Christianity on forceful confinement to the Home, we had to call for an emergency Board Meeting and took the decision of closing down the Home. The FIR also stated that these children are from SC/ST background and belonged to the poor families. The case was wrongly filed by the District Child Protection Officer about conversion. Being Christians, the couple ran the Home on Christian principles, just as a Hindu would run on Hindu principles and a Muslim would run on Islamic principles.*

Fate of the Kids: *Since in the present days, anti-Christian activities are carried out on a large scale by a section of people, we thought it best to obey the government official's advise and shut down the Children's Home on 31st Dec'17 by properly submitting the letter of closure to the Ranga Reddy Collectorate Office. While 2 kids returned home with their guardians, the other 5 kids are still with us along with their parents/guardians till the end of this academic year as otherwise the kids would lose an year of their education. They will return back to their respective villages with their guardians after writing the final exams this March'18.*

Our Hope: *We believe God has a different plan for our ministry and therefore allowed this closure. We continue to trust God and exercise our faith in Him just as we always did until now for the future course of action as God takes us to another level of ministry.*

Our plan for the welfare of the kids: *Having informed the above, I would like to make it clear that ONLY the Neolife Children's Home has closed and not the Neolife Mission Trust on the whole. The Trust will continue to function with various social activities and we will continue to help the children with a different plan of supporting the Kids at their respective homes concerning their*

educational fees and books. This way we will be able to reach more number of children in the days to come and help them study in good English Medium Schools.

Our plan for the welfare of women: We also plan to shift to our own land by constructing a facility for the care takers, and a Vocational Training Centre for the women of the village who do not work or have any skill. By equipping them with a skill like tailoring, making soft toys, Candles of various sizes and shapes, pickles/snacks etc., we will empower them to start up their own business in a small scale. They will have a vocation in hand to respectfully earn their own living. Eventually, as the Lord leads we will start new projects for the welfare of Women and Children.

I most earnestly request you to uphold us in your prayers for God's guidance concerning this ministry He blessed us with and continue your support to carry on the Kingdom work. Should you have any concern regarding anything in this Newsletter, please do not hesitate to contact me or write to me about your concerns.

Please do respond to us with your opinion if any. And we would be glad to consider that.

Dear brothers/sisters it is God's grace that He inspires you to support (prayer/cash/kind) and we are able to make a difference in the lives of these precious kids and also the community at large. Our Invitation: The Bible says, "Pure religion and undefiled before God the Father is this, to visit the orphans and widows in their affliction, and to keep himself unspotted from the world" - James 1:27 KJV. We encourage you to continue your support to make a difference in the lives of many kids and women in the days to come.
